## Michael Baruch Sharp (1940-2012)

*“Of course during my career I have had the pleasure of knowing many eminent numismatists. Close bonds of friendship have often evolved and added to the enjoyment of undertaking a role that reflects a personal interest in life. It certainly provides the ultimate in job satisfaction.”*

Michael Sharp, talking to John Pearson Andrew, October 2006.

**M**ichael Sharp, a lifelong Brightonian, was born in the seaside town on 3 December 1940, where his Father was a civil servant. After his education at Brighton, Hove and Sussex Grammar School he embarked upon a career in the Post Office in London, where he was employed for some 15 years, principally with the teams of personnel auditing head post offices.

Michael’s interest in coins began in his early teens when he was shown a typical schoolboy coin collection by a classmate. Having joined the British Numismatic Society in October 1959, he began to form a general collection of English coins, visiting Seaby’s in his lunch hour during the week and Olivers, a shop in The Lanes in Brighton, on Saturdays, where at the time there was something of a Saturday morning club as the likes of Jeffrey North and Peter Woodhead were regulars and Joe Cribb and his late brother Stephen would occasionally drop in.

Once Michael had decided to specialise in the coins of Charles I Peter Woodhead put him in touch with Roy Osborne (1913-90), the pharmacist at Clare, near Sudbury, with an encyclopaedic knowledge of the series. Osborne in turn introduced Michael to Baldwin's and, through visits to Robert Street during the 1960s, Michael's collection of Tower Mint shillings began to take shape. He read an important paper on the subject at the British NS in February 1975 and published his researches in *BNJ* 47 (1978).

Michael left the Post Office and, on the instigation of Peter Mitchell, joined the staff of Baldwin's on Wednesday, 1 March 1972, remaining with the then family firm for "30 and a third years" a phrase he often used to refer to his time there. Working on Baldwin's front counter alongside Douglas Mitchell, Michael soon got to know the numismatic luminaries of the day – collectors, students and dealers – as they visited or corresponded. He recognised that one of the benefits of being a previous collector was that he knew and understood the satisfaction a specialist would have on acquiring a coin of great rarity. Because of this he was able to form lasting friendships with numismatists from all walks of life, learning from them while at the same time helping to enrich their collections. Over time, particularly latterly, he became the 'go-to' person when something came up at auction; he would be consulted by museum curators from Exeter to Edinburgh, learned institutions and private collectors alike, who would entrust him with their bids. And it was real trust; sometimes even Michael's colleagues wouldn't know who he was bidding for and his limits were a matter of the strictest confidence between him and his client.

Naturally, Michael took on his share of cataloguing coins for auction, being responsible for, among others, Humphrey Lestocq's collection of Sussex mints (1985) and Osborne (1991) at Glendining's and, after the establishment of Baldwin's Auctions, the 'Commonwealth' find (1997), Robin Eaglen's Edward the Confessor (1998) and Gordon Hopkins (2002). But perhaps the one catalogue which Michael was most proud of was that of Noël Woolf's Jacobite medals (Glendining's, 1992). All things Jacobite were of huge interest to Michael; he possessed an excellent library of Jacobite-related books and was a Fellow of the Society of Antiquaries of Scotland, a member of the Royal Stuart Society and a life member of the 1745 Association. Michael had helped Woolf form his magnificent collection and before it was sold had ensured it gained the maximum pre-sale publicity by being exhibited at that year's FIDEM conference and at Messrs Phillips' salerooms in Edinburgh. Since the turn of the century Michael had been working towards a revised edition of Woolf's *The Medallie Record of the Jacobite Movement*, incorporating much new material not known to the original author; at the time of writing it is hoped that Michael's friend and fellow Jacobite student, Victoria Thorpe, will carry on this work.

On 1 July 2002 Michael joined the team of numismatists at Dix Noonan Webb, where in time he became the firm's principal cataloguer of British coins, responsible for the four auctions of short-cross and other coins formed by his great friend Jeffrey Mass (2004-7). At the conclusion of these he retired on 31 March 2007 but continued to consult and catalogue for the company from home, including coins of Charles I from an old collection and elements of the phenomenal sixpence collection formed by Alfred Bole. He was looking forward to cataloguing the David Greenhalgh collection of medieval halfgroats last year, but he fell ill and the task had to be taken back in-house.

Away from coins, Michael had many interests, including the countryside, walking on the South Downs, the National Trust and the Wildfowl and Wetlands Trust, but perhaps the best known was football. His grandfather, associated with Brighton & Hove Albion, had instilled a love of the beautiful game in the young Michael and it remained with him throughout his life. At the Post Office he met his wife, Joan, whose father was an Arsenal fan, and the two men began going to games at Highbury in the early 1960s. He followed the fortunes of the Gunners with a passion for over 50 years and his study at home juxtaposed signed memorabilia and pictures of his footballing heroes, including Dennis Bergkamp, Thierry Henry and Robin van Persie, with images of Charles I and other worthies from the House of Stuart. At least his football chums took quiet delight in the fact that Michael never knew that van Persie had signed for the dreaded Manchester United pre-season.

Michael died peacefully at home on 9 August 2012, after a long illness bravely borne. He leaves his wife, Joan (they married in 1965) and sons Stephen and Stuart. The sympathies of the numismatic world are with them at this time.

## The Corringham (Essex) Hoard, 2009

*The Corringham Hoard*  
© Trustees of the British Museum

*Nick Rowntree (left)*  
*and Brian Smyth*

**T**he Corringham hoard, which contained almost the whole range of the English currency in use in the later 14th century and was probably deposited no later than 1380, was unearthed by Brian Smyth and Nick Rowntree, two members of the Wickford Metal Detecting Society, in August 2009.

The finders discovered the coins whilst out on their weekly Sunday morning treasure hunt in a field that they had detected on many times in the previous 25 years. Altogether a total of 519 coins were recovered: 492 English (including five in gold), plus a small number of Irish and Scottish coins, continental sterlings and two counterfeits, along with parts of two pottery vessels.

At a hearing in Chelmsford on 14 October 2011, Essex coroner Caroline Beasley-Murray declared the coins to be treasure trove. The British Museum disclaimed the hoard and the coins were returned to the finders, who are now selling them in two parts, in September and December.

Coinage at the Calais mint was resumed in July 1422 and for the next decade or so large quantities of gold and silver were struck there. Deteriorating political conditions in France from 1435 led to a substantial reduction in coinage after that date. The last surviving account for the Calais mint belongs to the period 1448-50, during the Leaf-Pellet issue (Allen, *BNJ* 2010, p.138); in the absence of account books it is thought that the mint was closed sometime afterwards and it had certainly ceased to strike coins by 1457

At the beginning of the 1980s inflation meant that the purchasing power of the 10p and 5p was decreasing, and the need of a coin with a value between 10p and 50p was becoming more apparent. The 25p, struck at that time only to commemorate special events, hardly ever saw circulation because of its unwieldy size. During 1981 experiments with a small seven-sided shape produced a trial 25p, bearing an orb topped by a cross; it is believed that this is one of only four examples extant outside the Royal Mint collection. At some later stage it was decided not to proceed with a small 25p, but instead tariff the coin at 20p, in which form it was introduced in 1982, weighing c. 5g

## Gerald George Sommerville (1924-2005)

**G**erald Sommerville, known as George to his family but as Gerald in numismatic circles, was born on 7 January 1924 into an Army family based at Woolwich Arsenal. After a standard state education he won a scholarship to study engineering at college in 1938. The War interrupted his studies, but in 1940 he began his career in engineering while continuing his studies at night school and weekends. By the time he was old enough for conscription he was in a reserved occupation in the aero industry and was devastated not to be able to serve in the RAF as a navigator in Bomber Command, something that was to haunt him for the rest of his life since he lost many of his then friends in the conflict.

Gerald remained in the aero industry for the rest of his career, firstly at Napier Aero Engines in Acton, west London, as a stress engineer before moving to Westland Helicopters in 1950, where he became one of the first computer programmers working on an Elliot 803 computer. This was powered by thermionic valves which were cooled by a large refrigeration plant and Gerald recalled in later years that he could only work in half-hour shifts in a cold chamber wearing a thermal suit. During this time he helped develop the first computer programme for the stress loading and fatigue substantiation of the hub of the Fairey Rotodyne helicopter project. When the project was scrapped Gerald moved to Lucas Aerospace as a senior stress engineer working on the designs of a wide range of aerospace products, before taking early retirement in 1983. He had graduated into the Institute of Mechanical Engineers in 1951 and was elected a full member in 1961.

An extremely fit man in his youth, Gerald was an enthusiastic cyclist and rode every day from Wimbledon Park to work in Acton. In later years, living in Hemel Hempstead and later St Albans, he was a keen motorist with a succession of VW Beetles and he took up solo road walking, but advancing osteoporosis, combined with the effects of a bad cycle crash, meant that he retreated into himself and felt unable to have any further involvement in his social activities, which caused him great unhappiness. He died on 2 December 2005 at the age of 81.

Many of Gerald's acquaintances knew him through his hobbies, which included the study of history, but his great passion was for numismatics. The seed was sown through domestic convenience – a need for shillings to put in the coin-operated gas meter in his flat in Wimbledon Park. Gerald recalled that he saved his shillings in a large vase and, one day while retrieving coins for the meter he noticed that two of the shillings bore the same date but different reverse designs. Thinking that one might be a colonial variant he quickly checked the rest of his holdings and so discovered for himself the practice of striking 'English' and 'Scottish' shillings from 1937. He began to examine his small change in more detail, saving the best-preserved shillings and making regular visits to his bank for £5 bags of shillings and saving the early dates.

When Gerald discovered the section devoted to numismatics on the shelves of his local library his interest widened and, because of his engineering background, he was particularly attracted to the development of minting technology. Coinciding with the announcement of the removal of the Royal Mint from Tower Hill to Llantrisant, Gerald resolved to make a comprehensive collection of shillings from 1816 to 1966 in as near to mint state as possible since, in his words, "not only is their appearance most satisfying but they also retain traces of certain aberrations of the machinery employed in their manufacture."

As an active collector Gerald served as secretary of the St Albans Numismatic Society for many years and was a regular attendee at meetings of the British Numismatic Society, which he joined in 1978. Apart from engaging in a lengthy correspondence with Ron Stafford and other students of die-numbered Victorian coins, he wrote an important article on the practice (*SCMB* 1990, pp.99-101) which remains required reading to this day.

## IMPORTANT INFORMATION FOR BUYERS

### Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

**All bids must be confirmed in writing, by fax or email and should be received by 18.00 on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.**

### Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

### Buyers' Premium

**A buyers' premium of 20% on the hammer price (plus VAT if resident in the European Union) is payable by the buyer of all lots.**

### Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

### Methods of Payment

**All payments must be made in pounds sterling.** Payment may be made by transfer direct to Dix Noonan Webb's account at:

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Master Card, Visa and American Express) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

**Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.**

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

**All credit card payments are subject to an additional charge of 3 per cent.**

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

### Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser, or his or her authorised representative, if full payment in pounds sterling has been received by Dix Noonan Webb, together with settlement of any charges due.

## CONDITIONS OF BUSINESS

### Conditions mainly concerning Buyers

#### 1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

#### 2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

#### 3 The premium

The buyer shall pay to Dix Noonan Webb a premium on the 'hammer price' in accordance with the percentages set out in paragraph 4 above and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

#### 4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the purchaser is resident in the European Union.

#### 5 Payment

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his or her name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

#### 8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Dix Noonan Webb of the 'total amount

due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

#### 10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

#### 11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

#### 12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by

a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

#### Conditions mainly concerning Sellers and Consignors

##### 13 Warranty of title and availability

The seller warrants to Dix Noonan Webb and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

##### 14 Reserves

The seller shall be entitled to place prior to the auction a reserve on any single item lot which has a minimum value of £100, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

##### 15 Authority to deduct commission and expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

##### 16 Rescission of sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

##### 17 Payment of sale proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable,

will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

#### 20 Charges for withdrawn lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15 per cent of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

#### 21 Rights to photographs and illustrations

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

#### 22 Unsold lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

#### General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf. Neither Dix Noonan Webb nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 Dix Noonan Webb shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 Dix Noonan Webb has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

29 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) Dix Noonan Webb declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by Dix Noonan Webb to a seller, consignor, prospective bidder or buyer may be given by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Dix Noonan Webb hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Dix Noonan Webb by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means Dix Noonan Webb published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means Dix Noonan Webb charges and expenses for insurance, illustrations, special advertising, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 per cent more than the highest bid received below the reserve.

#### 33 Vendors' commission of sales

A commission of 15 per cent is payable by the vendor on the hammer price on lots sold.

#### 34 VAT

Commission, illustrations, insurance and advertising are subject to VAT if the seller is resident in the European Union.
