## *Important Notice*

# **New Advance Bidding Facility**

---

*Please note that we have recently launched our new and easy-to-use advance bidding facility, which replaces the 'old-fashioned' commission bid system, providing bidders with total control over their bids right up to the point that the lot is offered for sale.*

*Bids made online cannot be seen by others and do not go live until the actual moment that the lot in question is being offered for sale. All bids can be easily altered or cancelled by the bidder prior to this point. An automated confirmatory email will be sent confirming all bids and alterations.*

*Anyone with a valid email address can easily register to bid online.*

*There is no additional charge for online bidding and it is not necessary to pre-register a payment card in order to do so.*

*It is recommended that all bidders execute their own bids, either prior to the auction by using this facility or live as the auction is taking place.*

*Whilst we are still happy to execute all bids submitted in writing or by phone, fax or any other method, it should be noted that all bids left with us will be entered at our offices using the same bidding facility to which all our clients now have access. There is, therefore, no better way of ensuring the accuracy of your advance bids than to place them yourself online.*

*Provenance:* Found at Sutton-on-Derwent (East Yorkshire), August 2012 (2012 - T579).

Francis Vaughan (c. 1553–August 1597) was descended from the Vaughan family of the Welsh Marches, whose number includes the infamous Black Vaughan, a fifteenth century Lord who, with his vicious dog, is said to haunt the Herefordshire borderlands and who inspired Sir Arthur Conan Doyle's most famous novel, *The Hound of the Baskervilles*. John Vaughan purchased the manor of Sutton-upon-Derwent in 1559, about the time of his appointment as High Sheriff of Yorkshire. As a Protestant he was a staunch supporter of Elizabeth I in the north of England and was involved in the defeat of the plot to overthrow her and bring Mary Queen of Scots to the throne. Although he was chosen to hand over the rebel earl of Northumberland to the Queen, his detractors claim that he played no active role in the suppression of the rebellion. John died in June 1577 and his estates, including Sutton-upon-Derwent, passed to his son, Francis. He was married to Anne Boynton, daughter of Sir Thomas Boynton, High Sheriff of Yorkshire 1576-7. Francis himself held the same post in 1594-5

## Allan Vayle – token collector

Ever since I visited a boyhood friend in August 1960, whose kitchen table was littered with Lincoln head pennies, I have had an interest in numismatics. It was one thing to collect U.S. coinage and fill the Whitman folders, it was quite another to study the esoteric tokens that have been issued since Roman times.

Tokens was the path to learning about substitute monies used as work checks or tallies on plantations, in mines, on ships, in cafes and stores, as substitute money on military bases, as necessity pieces during wars, as advertising checks, as transportation items. It was like a sideline in the history of various locales and countries; a fitting use of the historical knowledge one studied at university. By extension of seeking references to these pieces of metal, vulcanite, cardboard, glass or leather, one gained even more knowledge and could make favourable purchases.

In 1960, I was working in Boston for the Jordan Marsh company, a major department store. As luck would have it, there was a coin dealer who rented space in the store. He taught this novice a lot about U.S. and world coins. Later on, I would spend my lunch hour soliciting bargains in the several coin shops that were located in downtown Boston. It became a source of pride that I was able to buy coins and tokens that were priced so that I could acquire them. The fun was doing the research and feeling good when the catalogues indicated a good buy. I dealt with Maurice Gould, Joe Powers, the Stones, Ralph Goldstone, Court Coin, and many others. The nagging thought was that there was no catalogues for pricing or identifying world tokens, so someone needed to do the research. At the same time, one learned which pieces were common and which were not; information that led to successful purchases. Of course, I saved the research.

The Boston area in 1960s and 1970s was a wonderful place to be a coin collector. There were many experienced and long time coin dealers who were a major source of education; it was like doing post-graduate work in history. There also was the Collector's Club of Boston and the Boston Numismatic Society, whose members shared with this novice. There were coin shows all the time, even the American Numismatic Association sponsored a national show in Boston and had an exemplary auction of the John Quincy Adams collection of world coins from the Massachusetts Historical Society. I was always learning something new about this little-known hobby sideline.

Later, working as an independent contractor representing manufacturers in the gift and souvenir industry, I was able to travel throughout New England from my home base in Boston. Now I had the opportunity to stop at obscure coin shops, antique shops and the like, which allowed me to make some very favourable purchases of tokens from dealers who did not do the research and put such pieces in their bargain boxes. Sometimes they saved pieces for me on my next trip through. Dealers like Emery Stratton in Mass., Ron Erle in Cheshire, CT, Dunlop in NH, Gillette in Greenfield, MA, and others in Maine and Vermont all had something to offer. Most said there was little interest in what I was collecting, so I concluded that someone needed to catalogue these obscure tokens. Emery Stratton was an unusual person. As a coin dealer he was very fair and supportive, collectors kept coming back. I never knew his source of material. He had been a well-known golfer in the Boston area and had played with many famous golfers. When he was 75 he shot his age on the golf course. It was in the Boston newspapers and I was impressed. Emery didn't brag about it, others did it for him.

Even my family contributed to my collection. My grandfather, Nathan, gave me an 1887 U.S. 10 cents, as it represented the year of his birth in Vilna, Lithuania. My aunt Minnie gave me several U.S. 10 cent pieces dated 1942 to 1945 in brilliant uncirculated condition. It's like they were waiting for me to ask. How do you say thanks?

Still focusing on tokens and obscure items like siege coins, I gradually expanded to collect modern Greece, including many Greek tokens, most of which originated from a wonderful fellow from Athens, Theo Pitidis. Theo was a student at M.I.T. University and shared his knowledgeable about world coins. He always brought me something from his trips to Greece and London. The connection with Pitidis was a result of my visiting and dealing with Colony Coin Co, still in business in Newton, MA. The men that ran Colony, Neil Todd, Charley Wallace and Harvey Fenton, were longtime and knowledgeable collectors who opened a coin shop and still maintained their regular jobs. I guess it is something most collectors dream about doing. I learned a lot at Colony and from the collectors and dealers who patronized their shop. Then, after subscribing to *Coin World* and *World Coins*, I expanded to purchases through the mail, doing business with Scott Cordry, Freeman Craig, Tim Dunn, Frederic Wachter, Leon Hermes, Limarc (Soxman), Steve Album and many others. Tokens were appearing on many dealers' lists and they were guessing at the prices. I bought pieces at Coin Galleries in NY and I also dealt with international dealers such as Zaidman in Marseilles. I attended the first New York International show and was excited to be there. Then I discovered Paul Bosco and Jerry Schimmel. They were dedicated world token dealers in the U.S. Now the prices became realistic and collectors had to make decisions which ones to buy. One did not have a bottomless source of funds. These dealers had 'great stuff' and as a collector I had to decide how much to spend on each piece that enticed me. But now the fun of the hunt began in earnest. I won some and didn't get some. It matters not, I had fun doing it and that is healthy.

In conclusion, a tribute to Russ Rulau is in order. He edited *Latin American Tokens*, a template for future catalogues. His tribute to David Henkle's manuscript can be summed up in a quote from the article "Lest someone conclude that the computer will replace research in numismatics, we hasten to add that only human persistence driven by devotion matters." Token people are like that and they have fun along the way. Enjoy the pieces in this collection.

## IMPORTANT INFORMATION FOR BUYERS

### Absentee Bids

If instructed we will execute bids and advise intending purchasers. No charge is made for this service. Lots will always be bought as cheaply as is allowed by such other bids and reserves as are on our books. In the event of identical bids, the earliest will take precedence. Always indicate a 'top limit' – the amount to which you would bid if you were attending the auction yourself. 'Buy' or unlimited bids will not be accepted.

**All bids must be confirmed in writing, by fax or email and should be received by 18.00 on the day before the auction. Although we will endeavour to execute all late bids, Dix Noonan Webb cannot accept responsibility for any bids received on the day of the auction itself.**

### Commission Form

Further advice to bidders and purchasers may be found on the commission form included with this catalogue. Please use this form when sending bids to us.

### Buyers' Premium

**A buyers' premium of 20% on the hammer price (plus VAT if resident in the European Union) is payable by the buyer of all lots.**

### Pre-sale Estimates

The pre-sale estimates are intended as a guide for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However all lots, depending on the degree of competition, can realise prices either above or below the listed estimates.

### Methods of Payment

**All payments must be made in pounds sterling.** Payment may be made by transfer direct to Dix Noonan Webb's account at:

Lloyds TSB

Piccadilly London Branch

Please include your name, account number and invoice number with the instructions to the bank.

Alternative methods of payment which will enable immediate clearance of purchases include cash, bankers drafts, credit cards (Master Card, Visa and American Express) and debit cards. Although personal and company cheques are accepted, buyers are advised that property will not be released until such cheques have cleared.

**Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.**

Purchases will be despatched as soon as possible upon receipt of your written despatch instructions and full payment in pounds sterling for the lots you have bought. Carriage will be at the buyer's expense. Estimates and advice on all methods of despatch can be provided upon request.

**All credit card payments are subject to an additional charge of 3 per cent.**

Insurance cover will be arranged unless otherwise specified and will be added to the carriage charge.

### Clearance of Purchases

Buyers who have not established a credit arrangement with Dix Noonan Webb will be asked to pay for their purchases in pounds sterling when they wish to take possession of them. It is regretted that Dix Noonan Webb cannot take banker's references over the telephone at the time of clearance and that buyers cannot take possession of their purchases until cheques are cleared.

If buyers wish to pay for their purchases by cheque they are urged to arrange clearance of their cheques well in advance of the sale by supplying appropriate banker's references.

Buyers will be requested to supply a reasonable means of identification at the time of payment.

Lots will only be released to the purchaser, or his or her authorised representative, if full payment in pounds sterling has been received by Dix Noonan Webb, together with settlement of any charges due.

## CONDITIONS OF BUSINESS

### Conditions mainly concerning Buyers

#### 1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

#### 2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

#### 3 The premium

The buyer shall pay to Dix Noonan Webb a premium on the 'hammer price' in accordance with the percentages set out in paragraph 4 above and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

#### 4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the purchaser is resident in the European Union.

#### 5 Payment

Immediately a lot is sold the buyer shall:

(a) give to Dix Noonan Webb his or her name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' in pounds sterling (unless credit terms have been agreed with Dix Noonan Webb before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

#### 8 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Dix Noonan Webb of the 'total amount

due' in pounds sterling.

9 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

#### 10 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

#### 11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb's possession for any purpose.

#### 12 Liability of Dix Noonan Webb and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by

a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

#### Conditions mainly concerning Sellers and Consignors

##### 13 Warranty of title and availability

The seller warrants to Dix Noonan Webb and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

##### 14 Reserves

The seller shall be entitled to place prior to the auction a reserve on any single item lot which has a minimum value of £100, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

##### 15 Authority to deduct commission and expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Dix Noonan Webb's right to retain the premium payable by the buyer.

##### 16 Rescission of sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

##### 17 Payment of sale proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable,

will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

#### 20 Charges for withdrawn lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15 per cent of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the European Union, and 'expenses' incurred in relation to the property.

#### 21 Rights to photographs and illustrations

The seller gives Dix Noonan Webb full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

#### 22 Unsold lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

#### General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf. Neither Dix Noonan Webb nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

27 Dix Noonan Webb shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

28 Dix Noonan Webb has absolute discretion without giving any reason to refuse any bid, to divide any lot, to combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.
