SUMMARY OF INFORMATION FOR BUYERS

REGISTERING TO BID

New clients must register online to bid (whether in person or in absentia). This can be done via our website www.noonans.co.uk

Registrations will be subject to due diligence and Noonans reserves the right to cancel registrations.

Once registered, any client bidding for the first time online will need to enter their card details so that a security check can be performed to authorise you to bid (www.noonans.co.uk >Your Account > Account Authorisation). This check is secure, your card details are not seen by us and no funds will be deducted.

BIDDING PRIORITY

Please note that we prioritise executing commission bids as early as possible in order to secure the lot for you at the cheapest possible price. It is therefore entirely possible that a lot can sell at your top bid to another bidder. To avoid this happening we offer an optional 'Plus 1' bidding increment facility, whereby if the bidding is against you at your maximum bid the auctioneer will execute one further bid on your behalf. Please note that in the event of identical top bids priority is given to the first bid received.

PLACING BIDS

LIVE BIDDING VIA WWW.NOONANS.CO.UK

You may bid in real time from your computer or mobile device. We provide an optional live video and audio feed of the auctioneer, allowing you to participate in much the same way as attending the auction. You may see your invoice and pay online directly after you've finished bidding. **There is no additional charge for this facility.**

ADVANCE BIDDING VIA WWW.NOONANS.CO.UK

We strongly advise this method if you wish to leave bids in advance as it is the easiest, most accurate and flexible way to leave your bids and gives you total control over them right up to the point that the lot is offered for sale. Bids made online cannot be seen by others and only become live at the point the lot is being sold. Up until this time your bids can be easily altered or cancelled. An automated email is sent to confirm any changes made. **There is no additional charge for online bidding.**

ADVANCE BIDDING VIA POST, EMAIL OR TELEPHONE

Whilst we are still happy to execute all bids submitted to us using post, email or telephone, it should be noted that all bids left with us in these ways will be entered at our offices using exactly the same bidding facility to which all our clients have access. **There is, therefore, no better way of ensuring the accuracy of your advance bids than to place them yourself online.**

If you are registered with Noonans you may bid by email to bids@noonans.co.uk or by telephone to 020 7016 1700. **All bids placed by email or telephone must be received before 4 PM on the day preceding the sale.**

A bidding form is included in the back of this catalogue. If you wish to use this please fill it in carefully, to include all relevant information. Please ensure that you post this form so that it arrives, at the latest, the day before the sale.

BIDDING IN THE AUCTION ROOM

You are very welcome to attend the auction and bid in person if you are registered with Noonans.

Please note that the auction room is situated on the third floor of a Georgian building which doesn't have a lift. You may pay for and collect your lots during the auction.

SALEROOM NOTICES

Should the description of a lot need to be amended after the publication of this catalogue, the amendments will appear automatically on the Noonans website, www.noonans.co.uk. All such amendments are also incorporated in the List of Saleroom Notices pertaining to this auction which are posted separately on the website. The auctioneer will refer to any notices at the time any affected lot is offered for sale.

CATALOGUE ILLUSTRATIONS & THE INTERNET

Prospective bidders are reminded that the Noonans website features high-resolution colour illustrations of every lot in this auction. There may also be additional illustrations of any lot.

BUYERS' PREMIUM

The rate for this sale is 24% of the Hammer Price (+ VAT where applicable).

IMPORTATION VAT

Lots marked 'X' are subject to importation VAT of 5% on the Hammer Price unless re-exported outside the UK, as per Noonans Terms & Conditions of Business.

From 1 January 2021 importation VAT may be levied by EU countries on lots sold by Noonans and subsequently imported into those countries. Although Noonans is unable to advise buyers on customs regulations in their country of domicile, there is further information regarding EU importation VAT rates for collectable items in the Terms and Conditions published on the Noonans website.

BULLION LOTS

Lots marked 'G' will have the VAT element shown on your invoice.

PRICES REALISED

The hammer prices of lots sold at Noonans auctions are posted at www.noonans.co.uk in real time and telephone enquiries are welcome from 9 AM on the day after the auction.

PAYMENT

You may access your invoice shortly after the hammer has fallen on your last lot. As we weigh lots at the time of cataloguing most shipping is already calculated, enabling you to settle your account and receive your lots in a timely fashion. Auction attendees may pay and collect during the course of the auction as soon as they have bid on their last lot.

DAVID NICHOLAS SILICH (1944-2018)

Noonans are both proud and excited to have been chosen to sell the extremely important collection of historical and art medals formed by the late David Silich. The dispersal will take place in a series of eight auctions taking place between March 2024 and October 2027.

The first two auctions will feature work by over 900 different artists, medallists and sculptors - testament to the breadth of the collection, which numbers upwards of 3,500 pieces. The decision to catalogue it alphabetically by artist is a road infrequently travelled outside mainland Europe, but was taken in order to demonstrate the vast range of medallic sculpture available to present-day

collectors and students. Here you will find medals from all corners of the globe, from Canada to New Zealand, Chile to Japan, brought together by one man's passion for the subject. Indeed, the catalogue has enjoyed corresponding with, and speaking to, many of the contemporary medallists whose work features in these pages. The remaining six auctions will explore the work of many of David's favoured artists in depth. All eight sale catalogues will feature illustrations of all the medals within them, on the lines of those in Martin Heidemann's 1998 masterwork, *Medaillenkunst in Deutschland von 1895 bis 1914* (DGMK 8), so in turn will form an invaluable record of the collection, which was always David's aim.

David Nicholas Silich (10 July 1944–12 February 2018) was born in Whangarei, New Zealand, and was educated at Whangarei Boys High School. Emigrating to London in his twenties, he subsequently built an extremely successful career in the European financial sector. Attracted to fine craftsmanship, he had already formed a collection of Renaissance medals by the time he became an early member of the British Art Medal Society. Turning his attention to later and more contemporary series in the early 1980s, he subsequently amassed a huge range of pieces, all carefully organised on display trays, which those of us fortunate enough to visit him in his offices in St Moritz will always remember.

Having been keen on art medals myself since the early 1990s, it was not long before Dix Noonan Webb's links with the late Jean-Claude Baudey led to an introduction to David. By the end of that decade, DNW were becoming the pre-eminent auctioneers of art medals in London, and David was a keen follower of our activities, bidding either in person or on the telephone, or else instructing other London-based dealers and contacts, including Martin Bonham Carter, to bid for him. Prices weren't usually discussed; if something attracted his attention, it rarely got away

from him - but if it did, he always found something else to acquire instead.

Apart from his many generous donations to the British Museum described by Philip Attwood, David was a donor of medals to other institutions, most notably Harvard University Art Museum in New York, which received a number of gifts in the name of Corina and David Silich-von-Schulthess in memory of Dr Leo Mildenberg (1913-2001), whose personal kindness as a young numismatist I remember very well, and whose Bank Leu firm dominated commercial Greek numismatics for decades.

In later years, David spent six months a year in his native New Zealand, at Papakura, a suburb of Auckland. It was here that he became a major collector of New Zealand art, both representational and abstract, which was dispersed by the International Art Centre in Parnell, Auckland, in October 2021.

David is survived by his wife Corina, sons Nicholas and Alexander, and grandchildren Rosina, Richard and Eduard.

INTRODUCTION

In 2003 David and his wife Corina invited me to visit them at their home in St Moritz in Switzerland. Received with great kindness, I was able to spend a few very enjoyable days examining David's collection of medals, but such was its scale I could hardly see everything in the time available. Medals seemed to be everywhere! This, however, was by no means the end of the story. As the present catalogue demonstrates, David continued to add to the collection for many years after my visit.

As a private collection consisting of medals from a wide range of countries, largely but not exclusively from the nineteenth and twentieth centuries and many of them by the most accomplished artists in the field, it must rank among the most comprehensive and wide-ranging of its kind.

By the time of my visit to Switzerland, I had already known David for many years. A supporter of the British Art Medal Society, he had in the mid-1980s been instrumental in the society's decision to issue large versions of a medal of Charles Dickens by the well-known caricaturist by Ronald Searle, which would be cast from the artist's models; David proceeded to present examples of these casts to the British Museum. Many years later, in 2003, he sponsored the society's issue of large electroformed versions of Searle's medal of Dr Johnson's biographer James Boswell.

David's generosity towards the museum continued in the 2000s, when I was curator of the museum's medal collection, with donations often made jointly with Corina. An early example was a French medal of around 1853, which was followed by others dating to around the time of France's Second Republic. A gift of several of Maurice Thenot's animal medals from the 1930s filled a noticeable gap in the museum's collection, but the most exciting acquisition made as a result of David's generosity was undoubtedly a portrait medal of Louis Pasteur cast in glass in 1922 by the jeweller and glass designer René Lalique. The year after this we were the grateful recipients of eighteen medals by the important early twentieth-century Austrian medallist Stefan Schwartz.

David was always ready to help with research and other projects. Among his and Corina's gifts to the museum was a set of Sir Edward Thomason's medals of the Holy Scriptures, which helped me with my research into the various series issued by this extraordinary Victorian figure, ultimately resulting in an article in the *British Numismatic Journal*. Knowing of my interest in the British medallist Frank Bowcher, he presented the museum with a framed pair of electrotypes of that artist's Franco-British Exhibition medal of 1908, which would appear to have been previously displayed at the White City. When I identified a gap in the museum's collection during the preparation of the 1997 British Museum exhibition *Modernism in French medal design*, it was to David I turned for a loan through which to fill it (for which see *The Medal*, 44 (2004), p. 48).

Although his principal interest as a collector was in earlier periods, David was also thoroughly engaged by contemporary medals, as indicated by the present catalogue and his involvement with the Searle medals mentioned above. Trusting in my judgement, he invited me to select a piece from an exhibition of recent medals by New Zealand artists held at London's Simmons Gallery in 2002, which he then gave to the museum. Two years later I was allowed to choose a medal from a travelling exhibition of contemporary satirical medals, which again David donated to the collection. One of his earliest gifts had been a medal satirising Napoleon III. Although a serious collector, David also had a playful, and even irreverent, side to his character and enjoyed this sort of medal. When he discovered that the museum had a collection of modern badges, a number of protest and humorous badges were soon coming our way.

My memory of David is of an enthusiastic admirer of medallic art, a tireless collector, a genial host and a warm-hearted and generous friend.

Philip Attwood
Keeper of Coins and Medals, British Museum,
2010–2020

Sometimes collectors act like magpies wanting shiny stuff, while others chase after the pieces not in their collection. David Silich fell into the latter category. His intention was ultimately to produce 'the book' on medals of the long 20th century. That book will now only materialise in this series of auctions at Noonans, as he died in 2018 at the age of 73 without realising the project. For him, collecting did not mean spending large sums of money on individual items, but on acquiring medals for their art and their historical interest. His long career in international banking, dealing at the highest level globally with firms such as UBS and managing the funds of wealthy private clients, already exercised his very acute intelligence on a daily basis. Collecting medals was amusing, tackled seriously but always fun.

David originally was interested in medals of the Renaissance but, as a member of the British Art Medal Society (BAMS), he was introduced to the modern and contemporary through the vehicle of The Medal and supported the society by purchasing these exciting new pieces. He began collecting medals from the late 19th century beginning with the time of Hubert Ponscarne and continuing just into the 21st century. The collection therefore features examples from the belle époque and art nouveau through expressionism and art déco to surrealism and the anarchy of the contemporary art medal in all its forms.

Themes gradually emerge; there is no deliberate pro-war propaganda, only pro-peace, recording the rebel, the outsider. So many medallists are refugees or migrants working abroad. There is a record of colonialism here and independence. Viewed as a whole, what emerges is the inter-connectedness of Europe and world, a celebration of mathematics, science and technology, and an emphasis on the art and craft of the medal.

David began to collect by artist; he was only a collector of series by default. Nevertheless, here you will find medals from the London Art Union, the Wiener series of cathedrals, sports medals by Mascaux and Muller, Jean de Vernon's Fables as well

as a host of Mariannes representing the French Republic. He collected the BAMS medals as a paid-up member but also acquired pieces issued by the medal societies of Belgium, the Netherlands, Germany and elsewhere. He also picked up occasional pieces issued by the Société des Amis de la Médaille française (SAMF) at the beginning of the 20th century, Société Française des Amis de la Médaille (SFAM) from the 1920s onwards, and the third series of art medals published by the Monnaie de Paris from the early 1960s onwards under the Club Français de la Médaille umbrella. Moving further afield, he would buy occasional medals issued by the US Society of Medalists as well as from artists in his native New Zealand.

David also bought medals from mints where the individual medallist was not known or may have been the founder, e.g. Vaughton, Pinches, Joseph Moore, Ottley, Fisch, Johnson, Desaide, Mauquoy, Canale, Arthus Bertrand, Godard, Droz and Fattorini, to name but a few.

He bought many of his medals from us at Simmons Gallery, supporting the special exhibitions we presented in London's Lambs Conduit Street in the years 1997-2004, like Pawel Leski's *Crocodile 1998* which featured in our *Animal Kingdoms* exhibition. When we hosted the New Zealand Medal group, David bought heavily and some of those pieces are in the current auction. On the other hand Kyosun Jung's elephant medal, a unique silver plated example, was commissioned after a BAMS exhibition in Mayfair. Auctions were a great source over the years and he bought from the major London houses, including DNW (now Noonans) and Baldwin, as well as their continental equivalents in Münz Zentrum, Rauch and of course from other dealers in London, Monaco, Vienna and Zurich.

Do read and search the catalogue carefully, and download this and the other parts to come for future reference. It is a worthy testament to a great, intelligent and enthusiastic collector.

Provenance: bt Simmons, April 2009

The Opera Nazionale Balilla was an Italian Fascist youth organisation functioning from 1926 until 1937, when it was absorbed into the Gioventù Italiana del Littorio, a youth section of the National Fascist Party. It took its name from Balilla, the nickname of Giovan Battista Perasso, a Genoese boy who, according to local legend, started the revolt of 1746 against the Habsburg forces that occupied the city in the War of Austrian Succession. Perasso was chosen as the inspiration for his supposed age and revolutionary activity, while his presence in the fight against Austria reflected the stance taken by early fascism, and by Italy's victories in World War I.

The 1966 FIFA World Cup was the eighth such quadrennial football tournament for men's senior national teams. Played in England from 11 to 30 July, England defeated West Germany 4-2 in the final to win their first, and still only, World Cup title. Matches were played at eight stadiums across England, with the final being held at Wembley Stadium. In the build-up to the tournament, the Jules Rimet trophy was stolen from a display at the Stanley Gibbons Stampex exhibition in Westminster on 20 March 1966. After a nation-wide hunt for the icon, it was discovered a week later, wrapped in newspaper, by a collie dog named Pickles next to a parked car in Beulah Hill, Upper Norwood.

In a campaign that cost almost £8 million and was singularly unsuccessful, British troops, in deciding to seal the mouth of the river Scheldt to prevent the port of Antwerp being used as a base against them, occupied the disease-ridden island of Walcheren in September 1809, which had already cost the lives of many French troops earlier in the campaign. The French fleet was ordered to Antwerp and the city heavily reinforced; the British expedition was withdrawn after the loss of 4,000 men, almost all to disease. The Treaty of Schönbrunn, sometimes known as the Treaty of Vienna, was signed between France and Austria at Schönbrunn Palace near Vienna on 14 October 1809, two days after Napoléon narrowly survived an assassination attempt by Friedrich Staps, who refused to apologise to the Emperor and was killed by a firing squad three days later. As both engravers of this medal had not even become students at the École des Beaux-Arts at the time of the events commemorated on it, it is thought that the medal itself was not struck until a decade or more later (cf. Forrer, p.559)

Charles Denoon Young (1822-87), b. Legerwood, Berwickshire, was an ironworker, engineer and salesman, initially working in Edinburgh. In 1847 he became a wire merchant in Glasgow, before moving back to Edinburgh. By 1852 he was said to employ 700 people with operations in both Scottish cities, as well as in Liverpool and Chelsea, London. Sequestered for the first of many times in 1858 owing £80,000 to his bankers, his fortunes ebbed and flowed until, in 1874 and living at Inveralmond House, the procurator fiscal at Perth laid charges of wilful fraud and fraudulent bankruptcy against him. Discharged in March 1877, he moved to Hornsey Rise, London, in 1881, where the census records him as a civil engineer. In London he had been responsible for erecting the first Chelsea Bridge (opened in 1858 and replaced in 1937).

Peter Robert Drummond (1802-79), b. Madderty, Perthshire, initially established himself as a circulating bookseller before taking over premises in central Perth which later passed to his cousin John Drummond. Something of an inventor, he turned to farming and his creation of an anti-metallic churn won for him a second medal at the Great Exhibition of 1851; he received an honourable mention for another invention at the 1862 Exhibition. He retired from farming in 1873.

Sold with much further biographical detail. The Manchester Agricultural Society (instituted 1767) and the Liverpool Agricultural Society (instituted 1830) merged to form the Manchester and Liverpool Agricultural Society, instituted in November 1847. A similar medal also awarded at the Society's show in Manchester on 7 October 1851 was sold in these rooms on 1 December 1993, lot 143.

William Wellesley Pole (1763-1845), Master of the Mint and the Duke of Wellington's elder brother, invited designs from the Royal Academy for a gold medal intended to be given to the rulers of the Alliance, their generals and senior ministers. The Prince Regent, however, approved the design submitted by Pistrucci, an engraver at the Mint. Pistrucci was much involved with the new coinage of 1816 and it was not until 1819 that preparatory wax models were submitted for approval. Amazingly, thirty years were to elapse before the dies were completed, by which time all of the intended recipients of the medal, with the sole exception of Wellington, had died. Electrotype copies, the majority with obverse and reverse not united as this specimen is, were eventually produced in 1852.

- 384 NETHERLANDS/ENGLAND, Gay van der Meer**, 1991, a cast bronze medal by G.H. Steyn for the British Art Medal Society, bust right, rev. Veritas standing facing, holding wreath and palm branch, legend on central foreground, 86mm, 430.04g (Attwood 74; The Medal 19, p.114). *Extremely fine, green patina, as made, scarce* £80-£100

Provenance: bt Simmons, September 2016

Edition of 50. Gay van der Meer (1924-2014), brother of the physicist and Nobel Prize winner Simon van der Meer, is fondly remembered as the multilingual curator of the coin cabinet at the Rijksmuseum in The Hague, a position she held from 1959 to 1988. A strong promoter of the modern art medal and the activities of FIDEM and the VPK, the reverse of this medal alludes to van der Meer's lifelong fascination with the work of Martin and John Holtzhey, medallists based on Amsterdam's Herengracht, and is partly taken from the original 1752 prize medal awarded by the Hollandse Maatschappij voor Wetenschappen (Dutch Society of Sciences).

Stothard, Alfred Joseph (British, 1793-1864); b. London

Provenance: H.-P. Wipfler Collection, DNW Auction M2, 11 July 2006, lot 2638; bt J. Lis, October 2006

The Mexican independence movement began to take shape when José Bernardo Gutiérrez de Lara (1774-1841) asked Miguel Hidalgo (1753-1811), the Roman Catholic priest in the town of Dolores, to help initiate an effort to free New Spain from Spanish control. Gutiérrez de Lara went to Washington DC to seek military support, while Hidalgo instructed his brother, Mauricio, together with a group of armed men, to set 80 inmates free early in the morning of 16 September 1810. Hidalgo ordered the church bells to be rung and, flanked by Ignacio Allende (1769-1811) and Juan Aldama (1774-1811), he addressed the people in front of his church, urging them to revolt in a speech which became known as the 'Cry of Dolores'. The liberated country adopted Mexico as its official name, but Mexico's independence from Spain took a decade of war and the deaths of many of its proponents. Independence was achieved by the declaration of the Mexican Empire on 28 September 1821.

Belgian businessman Alfred Pierrard was its first President, serving until 1944, with Ward appointed Secretary. By 1927 it had acquired a permanent administrative base, circulated its first sporting rules and published its first racing calendar. Today the Union has morphed into the Monaco-based Union Internationale Motonautique.

Vermare, André César (French, 1869-1949); b. Lyon

- 416 FRANCE, Société Lyonnaise des Forces Motrices du Rhône**, 1892 [struck c. 1900], a plated bronze Art Nouveau award plaque by A.C. Vermare, male swimming to left, personifying Rhône, naked female above him converting electricity to light through her arms over a distant cityscape of Lyon, *rev.* the Cusset hydroelectric plant in foreground, wreathed tablet above, un-named, edge impressed BRONZE and cornucopia, 90 x 66mm, 210.35g (PBE 931, *recté* A.C. Vermare; *cf.* iNumis MBS 49, 1077; *cf.* DNW 48, 876). *Extremely fine* £60-£80

Provenance: bt J. Lis, July 2006

Unusually, this plaque bears a second date long into the future – 1991 – from its time of striking. This reflects the fact that on 9 July 1892 the Société Lyonnaise des Forces Motrices du Rhône was granted the concession to implement and operate the distribution of electric energy produced by a waterfall derived from the river Rhône upstream of Lyon. The concession, for 99 years, ran from 7 November 1892 to 9 July 1991, but in reality the company only lasted until 1931. The reverse depicts the Cusset hydroelectric plant in Villeurbanne, construction of which was completed in 1899.

COMMISSION FORM

THE SILICH COLLECTION OF HISTORICAL & ART MEDALS: PART 1 6 MARCH 2024

Please bid on my behalf at the above sale for the following Lot(s) up to the price(s) mentioned overleaf. These bids are to be executed as cheaply as is permitted by other bids or any reserve.

I understand that in the case of a successful bid, a premium of 24 per cent (plus VAT if delivered or collected within the UK) will be payable by me on the hammer price of all lots.

Please see the Terms and Conditions of Business for any other charges which may be applicable.

Please ensure your bids comply with the steps outlined below:

Up to £100 by £5
£100 to £200 by £10
£200 to £500 by £20
£500 to £1,000 by £50
£1,000 to £2,000 by £100
£2,000 to £5,000 by £200
£5,000 to £10,000 by £500
£10,000 to £20,000 by £1,000
£20,000 to £50,000 by £2,000

Bids of unusual amounts **will be rounded down** to the bid step below and will **not** take precedence over a similar bid unless received first.

NOTE:

All bids placed other than via our website should be received by 4 PM on the day prior to the sale. Although we will endeavour to execute any late bids, Noonans cannot accept responsibility for bids received after that time. It is strongly advised that you use our online Advance Bidding Facility. If you have a valid email address bids may be entered, and amended or cancelled, online at www.noonans.co.uk right up until a lot is offered. You will receive a confirmatory email for all bids and amendments. Bids posted to our office using this form will be entered by our staff using the same Advance Bidding Facility. **There is, therefore, no better way of ensuring the accuracy of your advance bids than to place them yourself online.**

I confirm that I have read and agree to abide by the Terms and Conditions of Business in the catalogue.

YOUR BIDS MAY BE PLACED OVERLEAF

CONDITIONS MAINLY CONCERNING BUYERS

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Noonans Mayfair Ltd. ("Noonans") that he acts as agent on behalf of a named principal. Bids will be executed in the order that they are received.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not conform to Noonans' published bidding increments which may be found at noonans.co.uk and in the bidding form included with the auction catalogue.

3 The premium

The buyer shall pay to Noonans a premium of 24% on the 'hammer price' and agrees that Noonans, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 16.

4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the lot is delivered to or collected by the purchaser within the UK.

Lots marked 'X' are subject to importation VAT of 5% on the hammer price unless re-exported outside the UK, as per the conditions below.

Buyers who wish to hand carry their lots to export them from the UK will be charged VAT at the prevailing rate and importation VAT (where applicable) and will not be able to claim a VAT refund.

Buyers will only be able to secure a VAT free invoice and/or VAT refund if the goods are exported by Noonans or a pre-approved commercial shipper. Where the buyer instructs a pre-approved commercial shipper, proof of correct export out of the UK must be provided to Noonans by the buyer within 30 days of export and no later than 90 days from the date of the sale. Refunds are subject to a £50 administrative fee.

Lots marked '††' are subject to the Standard Rate of VAT, currently 20%, on both the hammer price and buyers' premium.

VAT can only be removed from the hammer price, if goods are exported by Noonans or a pre-approved commercial shipper as per above. All lots will be subject to VAT on the buyers' premium regardless of whether the lot is exported.

5. Artist's Resale Rights (Droit de Suite)

Lots marked ARR in the catalogue indicate lots that may be subject to this royalty payment. The royalty will be charged to the buyer on the 'hammer price' and is in addition to the buyers' premium. Royalties are charged on a sliding percentage scale as shown below but do not apply to lots where the hammer price is less than 1000 euros. The payment is calculated on the rate of exchange at the European Central Bank on the date of the sale.

All royalty charges are paid in full to The Design and Artists Copyright Society (DACS).

Portion of the hammer price	Royalties
From €1,000 to €50,000	4%
From €50,000.01 to €200,000	3%

From €200,000.01 to €350,000	1%
From €350,000.01 to €500,000	0.5%
Exceeding €500,000	0.25%

6 Payment

When a lot is sold the buyer shall:

- (a) confirm to Noonans his or her name and address and, if so requested, give proof of identity; and
- (b) pay to Noonans the 'total amount due' in pounds sterling within five working days of the end of the sale (unless credit terms have been agreed with Noonans before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

7 Noonans may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

8 Any payments by a buyer to Noonans may be applied by Noonans towards any sums owing from that buyer to Noonans on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

9 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Noonans of the 'total amount due' in pounds sterling.

10 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Noonans of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Noonans staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Noonans' discretion. In no event will Noonans be liable for damage to glass or frames, regardless of the cause. Bulky lots or sharp implements, etc., may not be suitable for in-house shipping.

11 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Noonans nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

Loss and damage warranty cover at the rate of 1.5% will be applied to any lots despatched by Noonans to destinations outside the UK, unless specifically instructed otherwise by the consignee.

12 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Noonans as agent of the seller shall, at its absolute

discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

- (a) to proceed against the buyer for damages for breach of contract.
- (b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.
- (c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Noonans any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.
- (d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Noonans' premises or elsewhere.
- (e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.
- (f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.
- (g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.
- (h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Noonans' possession for any purpose.

13 Liability of Noonans and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Noonans under this Condition, none of the seller, Noonans, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Noonans, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Noonans within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Noonans is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

- (i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Noonans in respect of the lot sold.

CONDITIONS MAINLY CONCERNING SELLERS AND CONSIGNORS

14 Warranty of title and availability

The seller warrants to Noonans and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Noonans, its servants and agents and the buyer against any loss or damage suffered by either in consequence of any breach on the part of the seller.

15 Reserves

The seller shall be entitled to place, prior to the first day of the auction, a reserve at or below the low estimate on any lot provided that the low estimate is more than £100. Such reserve being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Noonans. Noonans may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

16 Authority to deduct commission and expenses

The seller authorises Noonans to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Noonans' right to retain the premium payable by the buyer.

17 Rescission of sale

If before Noonans remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Noonans is of the opinion that the claim is justified, Noonans is authorised to rescind the sale and refund to the buyer any amount paid to Noonans in respect of the lot.

18 Payment of sale proceeds

Noonans shall remit the 'sale proceeds' to the seller 35 days after the auction, but if by that date Noonans has not received the 'total amount due' from the buyer then Noonans will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Noonans and the buyer, Noonans shall remit to the seller the sale proceeds 35 days after the auction unless otherwise agreed by the seller.

19 If the buyer fails to pay to Noonans the 'total amount due' within 35 days after the auction, Noonans will endeavour to notify the seller and take the seller's instructions as to the appropriate

course of action and, so far as in Noonans' opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Noonans to take instructions from the seller, the seller authorises Noonans at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Noonans shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer if appropriate.

20 If, notwithstanding that, the buyer fails to pay to Noonans the 'total amount due' within 35 days after the auction and Noonans remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Noonans.

21 Charges for withdrawn lots

Where a seller cancels instructions for sale, Noonans reserve the right to charge a fee of 15% of Noonans' then latest middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the UK, and 'expenses' incurred in relation to the property.

22 Rights to photographs and illustrations

The seller gives Noonans full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

23 Unsold lots

Where any lot fails to sell, Noonans shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

24 Noonans reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

GENERAL CONDITIONS AND DEFINITIONS

25 Noonans sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

26 Any representation or statement by Noonans, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his or her own judgement as to such matters and neither Noonans nor its servants or agents are responsible for the correctness of such opinions.

27 Whilst the interests of prospective buyers are best served by attendance at the auction, Noonans will, if so instructed, execute bids on their behalf. Neither Noonans nor its servants or agents are responsible for any neglect or default in doing so or for failing to do so.

28 Noonans shall have the right, at its discretion, to refuse admission to its premises or attendance at its auctions by any person.

29 Noonans has absolute discretion without giving any reason to refuse any bid, to divide any lot, to

combine any two or more lots, to withdraw any lot from the auction and in case of dispute to put up any lot for auction again.

30 (a) Any indemnity under these Conditions shall extend to all actions, proceedings costs, expenses, claims and demands whatever incurred or suffered by the person entitled to the benefit of the indemnity.

(b) Noonans declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

31 Any notice by Noonans to a seller, consignor, prospective bidder or buyer may be given by first class mail, airmail or email and if so given shall be deemed to have been duly received by the addressee within 48 hours.

32 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Noonans hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

33 In these Conditions:

(a) 'catalogue' includes any advertisement, brochure, estimate, price list or other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description;

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Noonans by the seller in whatever capacity and howsoever arising;

(f) 'stated rate' means Noonans' published rates of commission for the time and any Value Added Tax thereon;

(g) 'expenses' in relation to the sale of any lot means Noonans charges and expenses for insurance, illustrations, special advertising, certification, remedials, packing and freight of that lot and any Value Added Tax thereon;

(h) 'bought-in price' means 5 per cent more than the highest bid received below the reserve.

34 Vendors' commission of sales

A commission of 15% is payable by the vendor on the hammer price on lots sold.

Insurance is charged at 1.5% of the hammer price.

35 VAT

Commission, illustrations, insurance and expenses are subject to VAT if the seller is resident in the UK.

AT NOONANS OUR EXPERTISE EXTENDS BEYOND THE KNOWLEDGE WITHIN OUR SPECIALIST DEPARTMENTS TO INCLUDE ALL ASPECTS OF OUR AUCTION HOUSE, FROM OUR PHOTOGRAPHY STUDIO TO OUR ADVANCED PROPRIETARY ONLINE BIDDING SYSTEM.
