FOREWORD

The Noonans Banknote Department would like to dedicate this catalogue to our friend, Arthur Morowitz, who passed away earlier this year. Barnaby has written a wonderful piece in his honour, and Thomasina and myself will miss his humour, advice and friendship a great deal. Without his guiding influence, none of us would be the people we are, or hold the positions we do within this wonderful hobby.

This has been an amazing year for the department. We have held seven auctions, including our first in Singapore, but we think we may have saved the best London sale until last. This winter auction includes the most exciting banknote to come to market anywhere in the world this year: the Iraq 100 Fils specimen (lot 499), printed by the Nasik Press in India during the Second World War and given to the Director-General of Finance, Abraham Elkabir. It is an almost mythical banknote; it has never been offered at auction before, and is unlikely to ever come up again. The note issued for a matter of weeks and only a single low grade example is believed to have survived. For dedicated collectors of Iraq, this auction represents the only chance to complete the Iraq series once and for all.

We begin the auction with Part Four of the Laurence Pope Collection of Portuguese Colonial Banknotes. Laurence will tell you all about this section with his usual foreword, but suffice it to say, it will include the usual mixture of notes from Africa and Asia, and the last of the exceptional

early Portuguese Indian notes in the collection. Scattered throughout the rest of the auction are groups of watermarked paper from the archive of Portals Paper. The Indian, Lithuanian and Albanian watermarks in our last sale surprised many people with their exceptional results, and now we are offering many more from other countries, including Palestine, Iraq, Persia, Bulgaria, Romania, Danzig and Malaya. These groups represent the total amounts for each country present in the archive. There will never be any more, and once they are gone, they are gone.

The first major part of the Peter Holland Collection, a superb group of world notes, can be found by looking for the golden retriever symbol next to the lot number. He is offering many wonderful notes from China, Hyderabad, Ceylon and Sweden, as well as the first half of his superb South Africa collection. Many of these notes have not appeared in auction anywhere for well over a decade. The Red Ox also appears, this time in New Zealand. It remains to be seen whether these two brightly coloured beasts will ever meet!

The rest of the sale features some incredible individual items from French Somaliland, India, Palestine, the UAE and Russia, and we are sure that over the course of a thousand lots, each one of you will find something to your liking.

Wishing you the best of luck with all your bids,
Andrew, Thomasina, Michael and Barnaby

ARTHUR MOROWITZ

I first met Arthur in the early 1990s when he was introduced to me as a major stamp dealer who wanted to get involved in the banknote world. In typical Arthur fashion he said I want to spend £100000 at my discretion. I recall I sold him nothing.

For some odd reason this kicked off a several decades long friendship and while we certainly did end up doing substantial business, what I recall more than anything else is the laughter that accompanied our meetings. Arthur was a supreme business man, everything he touched (and he was involved in some widely differing fields) turned to gold. Banknotes was no different and he became a major player in a very short period of time. I would like to take some mentoring credit but in reality Arthur knew what he was doing from the start. My favourite mantra to him was 'I taught you everything you know' to which he would reply 'I know nothing!'. Arthur did of course know a great deal and after a deal I was always left reflecting that somehow Arthur had always come out smelling of roses. Somehow that didn't matter, he was one of the good guys.

I travelled extensively with Arthur, firstly and most often to Maastricht for wine and ribs and lots of laughs. We would sit outside in a cafe and he would buy the cheese (and the beers and the wine and the Irish coffees) and we would talk and enjoy life with whoever came to join us. I once flew to Singapore with him and a wrestling friend known as Hillbilly

Jim, who was a significant character in that world. Arthur and I were both in stitches as Hillbilly had the stewardesses bring him meal after meal. We also had to explain that durian fruit was not suitable for enclosed spaces, a close escape! Another time, he took some friends to Dubai where we broke down in a boat on the gulf of Oman with night falling and Iranian gunboats on patrol. The point is that whether it was a milk shake in the Peninsular in Hong Kong, playing craps in Atlantic city, or fishing in Florida, Arthur always had fun and sharing in it was a privilege. This is not to suggest that Arthur took the business lightly, as he was a consummate professional whose idea of relaxation was to unglue stamps or notes early in the morning looking out over long Beach Island.

I would like to think I taught him something about the banknote world, but the truth is that he taught me far more and I was never going to match him as a businessman. What I will remember always is his generosity, his unqualified friendship and the laughter we shared so often. Yes, he was supremely successful in everything he touched but it was as a friend that I will remember him. I saw a recent photograph of Arthur and Tommi fishing in Florida and he looked happy doing something he loved. I know that Olianna and Lilliana will treasure Champion as he did.

Goodbye my friend,
Barnaby

SUMMARY OF INFORMATION FOR BUYERS

REGISTERING TO BID

New clients must register online to bid (whether in person or in absentia). This can be done via our website www.noonans.co.uk

Registrations will be subject to due diligence and Noonans reserves the right to cancel registrations.

Once registered, any client bidding for the first time online will need to enter their card details so that a security check can be performed to authorise you to bid (www.noonans.co.uk >Your Account > Account Authorisation). This check is secure, your card details are not seen by us and no funds will be deducted.

BIDDING PRIORITY

Please note that we prioritise executing commission bids as early as possible in order to secure the lot for you at the cheapest possible price. It is therefore entirely possible that a lot can sell at your top bid to another bidder. To avoid this happening we offer an optional 'Plus 1' bidding increment facility, whereby if the bidding is against you at your maximum bid the auctioneer will execute one further bid on your behalf. Please note that in the event of identical top bids priority is given to the first bid received.

PLACING BIDS

LIVE BIDDING VIA WWW.NOONANS.CO.UK

You may bid in real time from your computer or mobile device. We provide an optional live video and audio feed of the auctioneer, allowing you to participate in much the same way as attending the auction. You may see your invoice and pay online directly after you've finished bidding. **There is no additional charge for this facility.**

ADVANCE BIDDING VIA WWW.NOONANS.CO.UK

We strongly advise this method if you wish to leave bids in advance as it is the easiest, most accurate and flexible way to leave your bids and gives you total control over them right up to the point that the lot is offered for sale. Bids made online cannot be seen by others and only become live at the point the lot is being sold. Up until this time your bids can be easily altered or cancelled. An automated email is sent to confirm any changes made. **There is no additional charge for online bidding.**

ADVANCE BIDDING VIA POST, EMAIL OR TELEPHONE

Whilst we are still happy to execute all bids submitted to us using post, email or telephone, it should be noted that all bids left with us in these ways will be entered at our offices using exactly the same bidding facility to which all our clients have access. **There is, therefore, no better way of ensuring the accuracy of your advance bids than to place them yourself online.**

If you are registered with Noonans you may bid by email to bids@noonans.co.uk or by telephone to 020 7016 1700. **All bids placed by email or telephone must be received before 4 PM on the day preceding the sale.**

A bidding form is included in the back of this catalogue. If you wish to use this please fill it in carefully, to include all relevant information. Please ensure that you post this form so that it arrives, at the latest, the day before the sale.

BIDDING IN THE AUCTION ROOM

You are very welcome to attend the auction and bid in person if you are registered with Noonans.

Please note that the auction room is situated on the third floor of a Georgian building which doesn't have a lift. You may pay for and collect your lots during the auction.

SALEROOM NOTICES

Should the description of a lot need to be amended after the publication of this catalogue, the amendments will appear automatically on the Noonans website, www.noonans.co.uk. All such amendments are also incorporated in the List of Saleroom Notices pertaining to this auction which are posted separately on the website. The auctioneer will refer to any notices at the time any affected lot is offered for sale.

CATALOGUE ILLUSTRATIONS & THE INTERNET

Prospective bidders are reminded that the Noonans website features high-resolution colour illustrations of every lot in this auction. There may also be additional illustrations of any lot.

BUYERS' PREMIUM

The rate for this sale is 24% of the Hammer Price (+ VAT where applicable).

IMPORTATION VAT

Lots marked 'X' are subject to importation VAT of 5% on the Hammer Price unless re-exported outside the UK, as per Noonans Terms & Conditions of Business.

From 1 January 2021 importation VAT may be levied by EU countries on lots sold by Noonans and subsequently imported into those countries. Although Noonans is unable to advise buyers on customs regulations in their country of domicile, there is further information regarding EU importation VAT rates for collectable items in the Terms and Conditions published on the Noonans website.

MULTIPLE LOTS

All multiple lots (lots containing two or more items) with the exception of designated sets of banknotes are sold as viewed and not subject to return. Buyers are recommended to view such lots.

PRICES REALISED

The hammer prices of lots sold at Noonans auctions are posted at www.noonans.co.uk in real time and telephone enquiries are welcome from 9 AM on the day after the auction.

PAYMENT

You may access your invoice shortly after the hammer has fallen on your last lot. As we weigh lots at the time of cataloguing most shipping is already calculated, enabling you to settle your account and receive your lots in a timely fashion. Auction attendees may pay and collect during the course of the auction as soon as they have bid on their last lot.

THE LAURENCE POPE COLLECTION OF PORTUGUESE COLONIAL BANKNOTES

PART FOUR

Part Four of my collection, once again, includes a selection of notes, proofs and archival photographs from all five of the Portuguese African colonies included in the recently published BNU Catalogue. In addition there are Portuguese Asian colonial notes from Goa and Timor. Highlights from Portuguese India include three items from the 1906 series, namely a 5 Rupia printer's archival specimen with Type III ship seal, a unique 10 Rupia black and white archival photograph and a 10 Rupia printer's archival specimen with Type I ship seal. In addition there is a 2½ Rupia colour trial from the 1917 series and printer's archival specimens for every denomination of the 1945 Series from the 5 to the 500 Rupias.

The Angola section starts with a unique set of archival photographs for a never issued 1907 series. These feature a man and a woman with a trident astride a hippocamp, somewhat similar to designs for the 1906 series of Portuguese India and will therefore be of interest also to collectors of that colony. There is also a highly desirable 1000 Angolares specimen of 1944, which is one of the most spectacular of all De La Rue's designs. The Cape Verde section includes unique archival photos of the 1921 Chamiço series, two of which feature counterfoils never included with the issued notes.

The Mozambique section kicks off with a unique and highly unusual Bradbury Wilkinson pencil and ink

composite essay on blue paper for the 1908 1000 Reis note and a high grade archival specimen for the same note, one of only three copies known. There is also a 10 mil reis 1908 specimen, of which only four copies are known and a most unusual colour trial in aqua for the same denomination.

Portuguese Guinea includes a 50 Mil Reis printer's archival specimen of 1909, one of the rarest varieties of this denomination and for years not even listed in Pick. Also included are all 14 archival specimen print runs of the 100\$00 of 1947, all 6 print runs of the 500\$00 of 1958 and all 6 print runs of the 100\$00 of 1964. This is likely to be the only opportunity to complete these sets.

Saint Thomas & Prince includes a unique archival photograph of the 10 Centavos of 1914 and unique, most unusual, archival photographs of pen and pencil sketches of the 1000\$00 of 1964.

There are no less than 46 notes which are illustrated in the BNU Catalogue and PMG have recorded these as Plate Notes on the reverses of their holders. Where appropriate, PMG have also added the catalogue's numerous sub-references, which appear in green print in the lower right corners of their holder strips. I have made the reserves as low as possible and I wish you well in the fun of the chase. Happy bidding and good luck!

BNB B127as1, Pick 15

£400-£600

Provenance: Ex. Dabbah collection

This is the Dabbah plate note p.226. Type II specimen. The second type is issued notes with serial numbers which had been turned by the Bank of Indo-China in Djibouti into specimen notes; the notes were presumably taken from the the reserves of the new issue when they were delivered in 1944-45, probably the first hundred of each denomination which in the absence of true specimens were required for reference purposes for Bank staff and for presentation to officials. The notes were perforated PAYE (paid). This accounted for the notes on the bank books. The notes were also stamped Specimen (in French not overprinted). This stamp quite often on both sides of the note, sometimes only on one side. The cashier number responsible for stamping the notes is also present. The word Specimen is in red in manuscript style and varies in style according to cashiers. Most notes of this type tend to be in uncirculated grade. The notes of that type are of the first 100 notes.(refer to Dabbah pp199-200). The note was part of the World War II emergency series printed by Emil Pikovsky Zincography in Jerusalem on behalf of the Government Printer of Palestine.

AN ATTRACTIVE REVERSE PROOF FOR A 500 FRANCS

**371x**

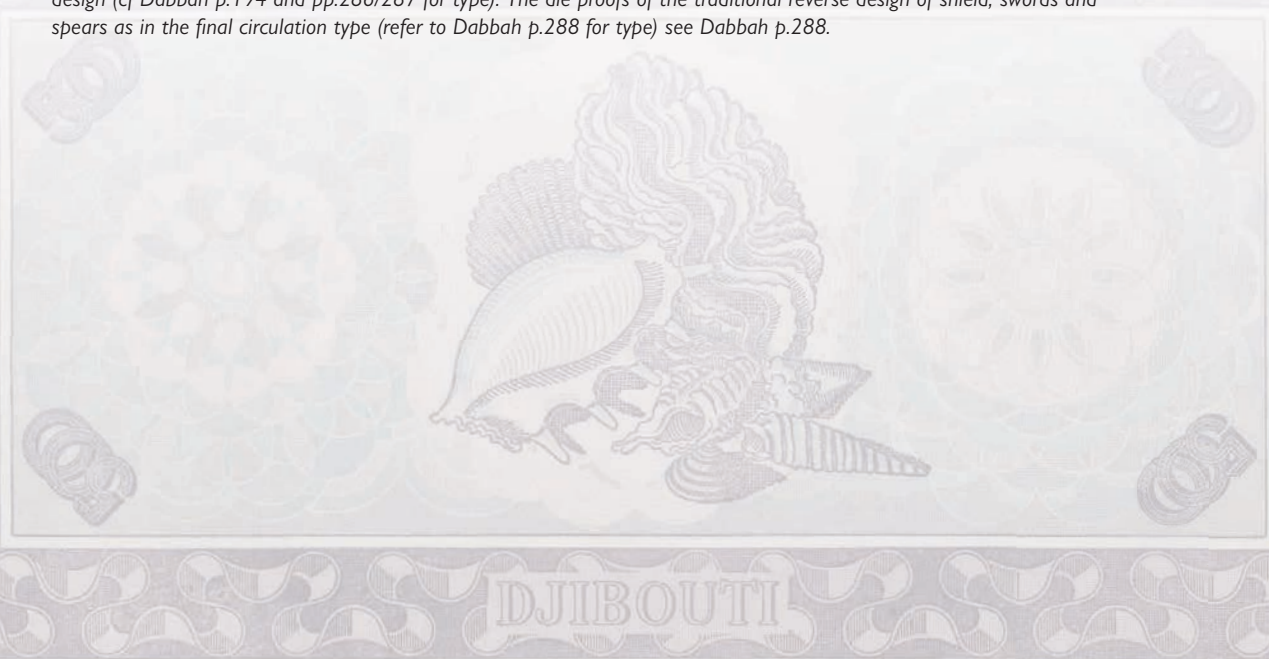

BANQUE DE L'INDOCHINE, FRENCH SOMALILAND, a proof reverse for a 500 Francs, ND (1945), violet, pale blue and grey, a variety of sea-shells at centre, also two separate vignettes each with a vignette of a shield, swords and spears, in PMG holder 58 EPQ, choice about uncirculated, most unusual, the standard design for type is a stand of weapons as on the vignettes, extremely rare (3 pieces)

BNB 129 for type, Pick 17 for type

£700-£900

Provenance: Ex. Dabbah collection

This a final proof for the 500 Francs with an unadopted design for the World War II emergency series printed by Emil Pikovsky Zincography in Jerusalem on behalf of the Government printer in Palestine. The proof is identical to the issued 500 Francs, except the detail on reverse (as seen on the standard issue) of shield, swords and spears, is replaced with coral and seashells. There is no obvious reason for the change of design which did not happen until a very late stage in the design approval process. One possible explanation is that the 1000 Francs depicted a marine theme, which may have led to an alternative design (cf Dabbah p.194 and pp.286/287 for type). The die proofs of the traditional reverse design of shield, swords and spears as in the final circulation type (refer to Dabbah p.288 for type) see Dabbah p.288.

A RATHER INTERESTING AND RARE SPECIMEN 500 FRANCS

**372x**

BANQUE DE L'INDOCHINE, FRENCH SOMALILAND, specimen 500 Francs, ND (1945), serial number A.1-0002, Borduge and Baudouin signatures, red manuscript SPECIMEN across face of the note, large cancellation hole at right, manuscript S added after CENT in text at right centre, in PMG holder 50, about uncirculated, a remarkable very low number for issue and a striking example of a rare type note, probably made into a specimen for reference purposes or to correct the spelling error

BNB B129as, Pick 17as

£3,000-£4,000

Provenance: Ex. Dabbah collection

This is the Dabbah plate note p.194 and pp.290-291.

The 500 francs with the serial number A.1/0002 with annotation from cashier number 1. The error spelling nominal in words on the obverse with the missing S added in pencil for correction. The note has a large punch hole at right.

This note is actually the number 2 note for issue and was probably turned into a specimen for referencing by Bank officials due to the new design or possibly due to the discovery of the misspelling error. This note was part of the World War II emergency series printed by Emil Pikovsky Zincography in Jerusalem on behalf of the Government printer of Palestine.

MR. ABRAHAM ELKABIR O.B.E.

Mr. Abraham Elkabir (sometimes known as Ibrahim El-Kabir) was born in Baghdad on 8 July 1885. He was educated to a high level at the many schools run by the ruling Ottoman state, and at the Alliance Israelite Universelle. After the Young Turk revolution of 1908 he formed, together with a number of his friends, a committee dedicated to the encouragement and improvement of education within the community. He was also taken up by Nazim Pasha who served as vali of Baghdad in 1910-11, and who consulted him on many reform projects.

During the First World War, Abraham Elkabir was appointed liquidator of enemy concerns taken over by the state. After the war and the formation of the kingdom of Iraq, his services were secured for the Ministry of Finance by the Minister, Sir Sason Heskell, who had him appointed as Assistant Accountant-General in 1921. This was the beginning of a long and eminent career in the service of the Iraqi state in which, for almost thirty years, Abraham Elkabir

devoted his great abilities to the creation of an orderly system of public finance for the new state.

He was Accountant-General from 1927 until 1934, and Director-General of the Ministry of Finance for long periods thereafter. He played a prominent role in many national and international financial negotiations: he represented Iraq in the financial negotiations connected with the Treaty of Lausanne which settled the issues pending between the Allies and the Ottoman Empire and its successor, Turkey; towards the end of the Second World War he represented Iraq at the Dumbarton Oaks and Bretton Woods conferences, which created the post-war world monetary system; he played a large part in the replacement of the Indian rupee by the Dinar, the Iraqi national currency; he organised the flotation of the first public loan promoted by the Iraqi government; and collaborated in the foundation of the national bank of Iraq.

Mr. Abraham Elkabir, O.B.E., died in London in 1973.

This text is largely adapted from the Obituary of Mr. Abraham Elkabir, written by Prof. Elie Kedourie in 1973

THE IRAQ 50 AND 100 FILS OF 1941-42

Abraham Elkabir (front centre) with his staff

Ever since the introduction of the Iraqi Dinar in 1932, all the various denominations of banknotes had been printed in the United Kingdom by Bradbury Wilkinson and Co., before being shipped to Iraq via the Mediterranean.

The death of King Ghazi in early 1939 meant that new notes were needed, and this problem was exacerbated by the outbreak of the Second World War in September of the same year. The traditional option of printing in the New Malden works and shipping the notes to Iraq was now risky, if not impossible because of the war raging in the Mediterranean. To make matters worse, the war brought increased demands for banknotes, as inflation went up and people tended to hoard the coins and notes they already had.

It was decided therefore, to use the Nasik Press in India to print an emergency series of notes for Iraq before shipping them via safe routes to Iraq. There were enough of the Ghazi 5, 10 and 100 Dinars already in storage to last several years, but new 1/4, 1/2 and 1 Dinar notes were designed and printed, before being issued during 1941 and 1942, after

which time the Mediterranean was judged safe enough for shipping that Bradbury Wilkinson was able to resume the printing of higher quality Iraqi notes.

However, also printed during this turbulent time were two other, much smaller denominations of Banknote. The first, for 100 Fils was printed by the Nasik Press, and the other for 50 Fils, by Bradbury Wilkinson. The 100 Fils was printed in relatively small quantities, with only 5,000,000 produced. It is believed that a mere 100,000 of these were released into circulation, and only a single low grade example has survived. The rest were destroyed, as the denomination proved to be both unpopular and unnecessary. The 50 Fils suffered a similar fate, and while 50,000,000 were printed none were released into circulation and the entire batch was destroyed.

In the course of his work for the Iraq Currency Board, Abraham Elkabir was given the two specimen notes in the following lots. The 100 Fils is the first of its kind ever offered at auction, while the 50 Fils is one of only a handful of examples known.

PRICES REALISED

The hammer prices bid at the auction are posted on the Internet at www.noonans.co.uk in real time. A full list of prices realised appear on our website as the auction progresses. Telephone enquiries are welcome from 9 AM the following day.

CONDITIONS MAINLY CONCERNING BUYERS

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Noonans Mayfair Ltd. ("Noonans") that he acts as agent on behalf of a named principal. Bids will be executed in the order that they are received.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not conform to Noonans' published bidding increments which may be found at noonans.co.uk and in the bidding form included with the auction catalogue.

3 The premium

The buyer shall pay to Noonans a premium of 24% on the 'hammer price' and agrees that Noonans, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 16.

4 Value Added Tax (VAT)

The buyers' premium is subject to the current rate of Value Added Tax if the lot is delivered to or collected by the purchaser within the UK.

Lots marked 'X' are subject to importation VAT of 5% on the hammer price unless re-exported outside the UK, as per the conditions below.

Buyers who wish to hand carry their lots to export them from the UK will be charged VAT at the prevailing rate and importation VAT (where applicable) and will not be able to claim a VAT refund.

Buyers will only be able to secure a VAT free invoice and/or VAT refund if the goods are exported by Noonans or a pre-approved commercial shipper. Where the buyer instructs a pre-approved commercial shipper, proof of correct export out of the UK must be provided to Noonans by the buyer within 30 days of export and no later than 90 days from the date of the sale. Refunds are subject to a £50 administrative fee.

Lots marked '††' are subject to the Standard Rate of VAT, currently 20%, on both the hammer price and buyers' premium.

VAT can only be removed from the hammer price, if goods are exported by Noonans or a pre-approved commercial shipper as per above. All lots will be subject to VAT on the buyers' premium regardless of whether the lot is exported.

5. Artist's Resale Rights (Droit de Suite)

Lots marked ARR in the catalogue indicate lots that may be subject to this royalty payment. The royalty will be charged to the buyer on the 'hammer price' and is in addition to the buyers' premium. Royalties are charged on a sliding percentage scale as shown below but do not apply to lots where the hammer price is less than 1000 euros. The payment is calculated on the rate of exchange at the European Central Bank on the date of the sale.

All royalty charges are paid in full to The Design and Artists Copyright Society (DACS).

Portion of the hammer price	Royalties
From €1,000 to €50,000	4%
From €50,000.01 to €200,000	3%

From €200,000.01 to €350,000	1%
From €350,000.01 to €500,000	0.5%
Exceeding €500,000	0.25%

6 Payment

When a lot is sold the buyer shall:

- (a) confirm to Noonans his or her name and address and, if so requested, give proof of identity; and
- (b) pay to Noonans the 'total amount due' in pounds sterling within five working days of the end of the sale (unless credit terms have been agreed with Noonans before the auction). Please note that we will not accept cash payments in excess of £5,000 (five thousand pounds) in settlement for purchases made at any one auction.

7 Noonans may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

8 Any payments by a buyer to Noonans may be applied by Noonans towards any sums owing from that buyer to Noonans on any account whatever, without regard to any directions of the buyer, his or her agent, whether expressed or implied.

9 Collection of purchases

The ownership of the lot(s) purchased shall not pass to the buyer until he or she has made payment in full to Noonans of the 'total amount due' in pounds sterling.

10 (a) The buyer shall at his or her own expense take away the lot(s) purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Noonans of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Noonans staff is undertaken solely as a courtesy to clients and, in the case of fragile articles, will be undertaken only at Noonans' discretion. In no event will Noonans be liable for damage to glass or frames, regardless of the cause. Bulky lots or sharp implements, etc., may not be suitable for in-house shipping.

11 Buyers' responsibilities for lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner. Neither Noonans nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

Loss and damage warranty cover at the rate of 1.5% will be applied to any lots despatched by Noonans to destinations outside the UK, unless specifically instructed otherwise by the consignee.

12 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Noonans as agent of the seller shall, at its absolute

discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:

- (a) to proceed against the buyer for damages for breach of contract.
- (b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.
- (c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Noonans any resulting deficiency in the 'total amount due' (after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.
- (d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Noonans' premises or elsewhere.
- (e) to charge interest at a rate not exceeding 2 percent per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.
- (f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.
- (g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.
- (h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Noonans' possession for any purpose.

13 Liability of Noonans and sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for identification only. Buyers should satisfy themselves prior to the sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Noonans under this Condition, none of the seller, Noonans, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot. No warranty whatever is given by Noonans, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Noonans within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Noonans is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded, provided that the buyer shall have no rights under this Condition if:

- (i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(c) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him or her.

(d) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Noonans in respect of the lot sold.

CONDITIONS MAINLY CONCERNING SELLERS AND CONSIGNORS

14 Warranty of title and availability

The seller warrants to Noonans and to the buyer that he or she is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Noonans, its servants and agents and the buyer against any loss or damage suffered by either in consequence of any breach on the part of the seller.

15 Reserves

The seller shall be entitled to place, prior to the first day of the auction, a reserve at or below the low estimate on any lot provided that the low estimate is more than £100. Such reserve being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once placed by the seller shall not be changed without the consent of Noonans. Noonans may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

16 Authority to deduct commission and expenses

The seller authorises Noonans to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledges Noonans' right to retain the premium payable by the buyer.

17 Rescission of sale

If before Noonans remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Noonans is of the opinion that the claim is justified, Noonans is authorised to rescind the sale and refund to the buyer any amount paid to Noonans in respect of the lot.

18 Payment of sale proceeds

Noonans shall remit the 'sale proceeds' to the seller 35 days after the auction, but if by that date Noonans has not received the 'total amount due' from the buyer then Noonans will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Noonans and the buyer, Noonans shall remit to the seller the sale proceeds 35 days after the auction unless otherwise agreed by the seller.

19 If the buyer fails to pay to Noonans the 'total amount due' within 35 days after the auction, Noonans will endeavour to notify the seller and take the seller's instructions as to the appropriate

course of action and, so far as in Noonans' opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Noonans to take instructions from the seller, the seller authorises Noonans at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Noonans shall in its absolute discretion think fit, to take such steps as are necessary to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer if appropriate.

20 If, notwithstanding that, the buyer fails to pay to Noonans the 'total amount due' within 35 days after the auction and Noonans remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Noonans.

21 Charges for withdrawn lots

Where a seller cancels instructions for sale, Noonans reserve the right to charge a fee of 15% of Noonans' then latest middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon if the seller is resident in the UK, and 'expenses' incurred in relation to the property.

22 Rights to photographs and illustrations

The seller gives Noonans full and absolute right to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

23 Unsold lots

Where any lot fails to sell, Noonans shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

24 Noonans reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

GENERAL CONDITIONS AND DEFINITIONS

25 Noonans sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.
